"It is not my signature," she barely breathed. "Just an imitation."

The words constitute the most dam-

After the trust had been dissolved After the trust had been dissolved and the \$600 menthly payments to Mrs. Robinson ceased, he said, Means appeared menthly at the bank and paid cash for drafts of \$1,000 cach payable to Mrs. Robinson. They were made out on form identical with the dividend checks she fermerly received, and Means asked for the bank's printed envelopes in which to mail them. This was intended by the prosecution to show that Means deceived Mrs. Robinson concerning the dissolution of the fund by mail's ther the monthly payments himself as usual.

Upon cross-examination Johnson testified that he was familiar with Mrs. Robinson's signature, and that he was sure that the document tendered by Means had been signed by her. Means smiled broadly at this, but his exultation vanished as the frail figure of Mrs. King's mother appeared at the entrance to the court room. Mrs. Mazis Meivin, sister of the dead woman and elder daughter of Mrs. Robinson, rose from her seat and advanced toward her mother. There was no sign of recognition on either sid, and Mrs. Melvin, clad in deep mourning, stood silently by as the invalid chair was wheeled beside Upon cross-examination Johnson tessure that the document tendered by Means had been signed by her. Means had been signed by her. Means the forall give of Means had been signed by her. Means the first figure of Miss mother appeared at the entrance to the court room. Mrs. Maist garments, toys and elder daughter of Mrs. Robinson, rose from her seat and advanced toward her mother. There was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of precognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for her was no sign of recognition on either sid, and Mrs. Mexican for which the head of her was the invalid chair was wheeled beside to buy it, and not more than one pound will as the invalid chair was wheeled beside the jury box. As the oath was administered Mrs. Robinson grasped the Bible with trembling fingers and kissed it a little—I believe she did it unconstant the means and at head sously—but Whitaker turned to me, the little—I believe she did it a little—I believe she did it unconstant the means and at least of the door by my side, shook and rattle of the little—I believe she did it a little—I b

"Just the truth." she murmured.
"Only the truth."

**Bo first met Means about two years ago, she said. Her words were barely audible and the stenographer repeated outstion and answer for the benefit of the jury. Means them was "some sort of a detective" and he lived in a Harlem of military stores at Camp McClellan, Alterward he went to live with Mrs. King and "the family" at 755 Park Avenue, New York.

**Patterson and Afton Means?" she was asked.

**Patterson and Afton Means?"

Says Means Kept Daughter Away

"Yes," was the answer. "They were Means' detectives or something."

The examination then turned upon by her dead daughter, While every question was met with futile objection by the defence, the witness falter from a grocer's bread box, Andrew Whits ments until September last, when the remittance ceased. The examination then turned upon work and single bill as something and whitness falter from a grocer's bread box, Andrew Whits remittance ceased. The examination then turned upon Means's state at the public not to go any of my companions. "The following day I was brought to was sent to Occoquan for six months and said that for that period I would not be allowed to see counsel or any violators. This was because I had broken rules. I said I had not broken turned upon Means's the method of the examination then turned upon Means's the method of the matter of the public not to give any of my companions. Britain Offers Enricht Millions For His Gasolene Substitute

Three Months' Tests in the Automobile Club of America Produced Results That Made English Agents Get Busy, According to Papers on File

thing of a suggestion of Hermann the Great in the methods by which Louis "synthetic gasolene," the laughing day, when affidavits filed in support of the National Motor Power Company's suit against the Farmingdale wizard

were made public. It develops as a hard, tangible fact that for more than three months rigid tests of the Enricht fluid were made in the laboratories of the Automobile Club of America, and that results were such as to convince the British government

Critchley, chief inspector of mechani-

A possibility still exists, of course, and will exist until Enricht's complete formula has been made known outside his close-lipped household, that a joker lies in his refusal to reveal the nature of the element which is now his single that the let a drop of the completed

lies in his refusal to reveal the nature of the element which is now his single recret or to let a drop of the completed compound escape his possession.

But that the British government regards this as no important contingency is evidenced by its more than readiness to purchase; further, by the fact that the compound without the element which Enricht is "holding out" on Benjamin F. Yoakum, his estranged backer, will run a gasolene engine.

The importance of the secret element (Enricht adds it in proportion of his formula) is asserted to be that it iulose preparation compounded after his formula) is asserted to be that it holds the active fluid in suspension in water. Without it there is a precipitation, and, as an additional disadvantage, the engine must first be primed with gasolene before the gasolene substitute will explode in the cylinders.

Chiefly the skepticism of eminent chemists has been inspired by a natural belief that the Enricht scheme was based upon a separation from water of its constituent hydrogen. Marter of its constituent hydrogen.

ural belief that the Enricht scheme was based upon a separation from water of its constituent hydrogen. Martin W. Littleton, attorney for Mr. Yoakum, in his effort to restrain Enricht from revealing his secret outside the National Motor Power Company, says that this is not the case.

Although there still remains some- Enricht, he mays, explained long to his associates that the water

said, 'Now send for the police.' Would not that indicate that she had the sense of right and wrong and knew that she had committed a criminal act"

"No, it would not," persisted the witness. "That is entirely consistent with the theory that she was acting in a sub-
